REPORT ON REVIEW OF INTERIM CONDENSED SEPARATE FINANCIAL STATEMENTS
TO THE SHAREHOLDERS OF TENTH OF RAMADAN FOR PHARMACEUTICAL INDUSTRIES
AND DIAGNOSTIC REAGENTS (RAMEDA) (S.A.E)

Introduction

We have reviewed the accompanying interim condensed separate financial position of **TENTH OF RAMADAN FOR PHARMACEUTICAL INDUSTRIES AND DIAGNOSTIC REAGENTS (RAMEDA) (S.A.E)** as of 30 June 2021 as well as the related interim condensed separate statements of profit or loss, Comprehensive income, changes in equity and cash flows for the six months ended on 30 June 2021, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed separate financial statements in accordance with Egyptian Accounting Standard (30) Interim financial statements. Our responsibility is to express a conclusion on these interim condensed separate financial statements based on our review.

Scope of Review

We conducted our review in accordance with Egyptian Standard on Review Engagements No. 2410, "Review of Interim Financial Statements Performed by the Independent Auditor of the Entity." A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Egyptian Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed separate financial statements does not give a true and fair view, in all material respects, of the financial position of the entity as at 30 June 2021, and of its financial performance and its cash flows for the six months ended on 30 June 2021 in accordance with Egyptian Accounting Standard (30) Interim financial statements.

TENTH OF RAMADAN FOR PHARMACEUTICAL INDUSTRIES AND DIAGNOSTIC REAGENTS (RAMEDA) (S.A.E)

NOTES TO THE INTERIM CONDENSED SEPARATE FINANCIAL STATEMENTS
For the Period Ended 30 June 2021

2-2 CHANGES IN ACCOUNTING POLICIES (continued)

2-2-1 EFFECT OF ADOPTION OF EGYPTIAN ACCOUNTING STANDARD NO. (47) "FINANCIAL INSTRUMENTS"

The standard bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

i) Classification and measurement

Under EAS (47), debt instruments are subsequently measured at fair value through profit or loss, amortized cost, or fair value through OCI. The classification is based on two criteria: The Company's business model for managing the assets; and whether the instruments' contractual cash flows represent 'solely payments of principal and interest' on the principal amount outstanding.

The following are the changes in the classification of the Company's financial assets:

- Trade receivables and other financial assets classified as loans and receivables as at 31 December 2020 are held to collect contractual cash flows and give rise to cash flows representing solely payments of principal and interest. These are classified and measured as debt instruments at amortized cost as of 1 January 2021

ii) Impairment

The adoption of EAS (47) will fundamentally change the Company's accounting for impairment losses for financial assets by replacing EAS (26) incurred loss approach with a forward-looking expected credit loss (ECL) approach. EAS (47) requires the Company to recognize an allowance for ECLs for all debt instruments not held at fair value through profit or loss and contract assets.

The following are the adjustments to the financial position on 01 January 2021:

Assets - Trade and notes receivable	EGP (810,276)
Equity – Retained Earnings	(810,276)

3- SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of these separate financial statements requires management to make judgments and estimates that affect the reported amounts of revenues, expenses, assets and liabilities, the accompanying disclosures and the disclosure of contingent liabilities at the reporting date. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the assets or liabilities affected in future periods.

Estimates and their underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised.

The key judgments and estimates that have a significant impact on the separate financial statements of the Company are discussed below:

TENTH OF RAMADAN FOR PHARMACEUTICAL INDUSTRIES AND DIAGNOSTIC REAGENTS (RAMEDA) (S.A.E)**NOTES TO THE INTERIM CONDENSED SEPARATE FINANCIAL STATEMENTS**

For the Period Ended 30 June 2021

3- SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES (continued)**3-1 Judgments****Revenue Recognition for sale of goods**

In making their judgment, the management considered the detailed criteria for the recognition of revenue from the sale of goods as set out in "EAS 48 Revenue from contracts with customers" including the judgement about whether significant risks and rewards have been transferred.

3-2- Estimates**Impairment of trade and other receivables**

An estimate of the collectible amount of trade and other receivables is made when collection of the full amount is no longer probable. For individually significant amounts, this estimate is performed on an individual basis. Amounts which are not individually significant, but are past due, are assessed collectively and a provision is applied according to the length of time past due, based on historical recovery rates.

Provision for sales returns

The Company's management determines the estimates provision for the expected sales returns. This estimate is determined after considering the past experience of sales returns and sales volume and expiry dates of the products sold. The management periodically reviews the estimated provision amount to ensure that provision is adequate to cover the sales return.

Useful lives of fixed assets

The Company's management determines the estimated useful lives of its fixed assets for calculating depreciation. This estimate is determined after considering the expected usage of the asset or physical wear and tear. The management periodically reviews the estimated useful lives and the depreciation method to ensure that the method and the period of depreciation are consistent with the expected pattern of economic benefits from these assets.

Useful lives of intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite.

The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

The management periodically reviews the estimated useful lives and the amortization method to ensure that the method and the period of amortization are consistent with the expected pattern of economic benefits from these assets.

Taxes

The Company is subject to income taxes in Egypt. Significant judgment is required to determine the total provision for current and deferred taxes. The Company establishes provision, based on reasonable estimates, for possible consequences of audits by the tax authorities in Egypt. The amount of such provision is based on various factors, such as experience of previous tax audits and different interpretations of tax regulations by the Company and the responsible tax authority. Such differences of interpretations may be on a wide variety of issues depending on the conditions prevailing in Egypt.

Deferred tax assets are recognized for unused accumulated tax losses to the extent that it is probable that taxable profits will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Impairment of non-financial assets

The Company assesses whether there are any indicators of impairment for all non-financial assets at each reporting date. The non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable. When value in use calculations are undertaken, management estimates the expected future cash flows from the asset or cash-generating unit and chooses a suitable discount rate in order to calculate the present value of those cash flows.
